

CAREER BUILDING IN JUNIOR HIGH

Dream: Create the Vision

Use your imagination to create an image of what you want your life to look like in the future. Share your dream/vision with a friend or family member or anyone you feel comfortable with. Sometimes it helps to write it down or draw a picture of your image.

So ... **start dreaming** and dream big!

See: Look at What's Out There

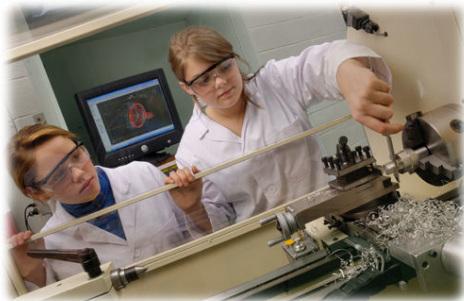

Look at the world around you! Try chatting with family and friends about their jobs. Attend a career café in your school or check out careers on Career Cruising at www.careercruising.com. Remember to ask your teacher or guidance counsellor for your school username and password.

So... **start looking** and look everywhere

Get: Develop Skills

Doing your best in school and getting involved in extracurricular activities and hobbies will help you develop your employability skills.

So... **get involved** and build your skills!

Do: Create a Plan

Set goals and make decisions about what steps you need to take to reach your goals. Remember that your interests may change as you get older so your goals may change too!

So ... **do** aim high and achieve your potential. Keep your options open and **create a plan** that works for you!
