

CDLI Mid Course: Exam Schedule & Guidelines 2024-2025

- This exam schedule only applies to courses being offered through CDLI.
- Students are encouraged to take home belongings needed for studying several days in advance of their scheduled exam.
- Any student with a ROA is entitled to the appropriate exam accommodations as noted in the student's IEP and/or ROA.
- If a school is closed during the exam period (half-day or full-day), the exams scheduled that day will move to the end of the exam period. For example, if a school is closed on January 22nd, 2025, exams on that day will be moved to Monday, January 27th, 2025. If a school is closed on January 22nd and 23rd, exams will be moved to Monday, January 27th, and Tuesday, January 28th, 2025.
- Individual schools impacted by school closures are asked to consult with CDLI teachers should their school close when a CDLI exam is expected to take place.

Mid-Course Exams / Assessments

- Exams/assessments are one hour in length.
- Any missed mid-course exams due to student absence, not weather closure, will be written during the End-of-Course exam period. Please see the instructions below.

End-of-Course Exams / Assessments

- Exams/assessments are one hour in length.
- Should a student opt to be reassessed on the first half of the course during the End-of-Course exam, this one-hour reassessment will occur during the second hour. For example, if a student wishes to be reassessed on the first half of the Math 2200 course, they will first write the mandatory one-hour End-of-Course exam. During the second hour of that time slot, the student will be provided with the one-hour Mid-Course re-write.
- Students opting for a Mid-Course reassessment during the End-of-Course exam period will need to register on the CDLI site in advance. More information about Mid-Course rewrite registration will be communicated at a later date.
