

Parallel Teaching

Notes

- ◆ **The class is divided into two heterogeneous groups of approx. the same size.**
- ◆ **Both teachers plan the lesson jointly.**
- ◆ **Both teachers teach the same topic simultaneously.**
- ◆ **Both teachers have an active but separate instructional role in the classroom.**
- ◆ **Group composition may vary from mixed to the same ability, depending on the needs and goals of the lesson.**
- ◆ **Medium level of planning/preparation.**

Applications

- **When a lower student-teacher ratio is needed.**
- **To foster student participation.**
- **To allow more students an opportunity to share their opinions and or products.**
- **For activities such as drill and practice, re-teaching, and test review.**
- **To allow students to investigate topics from different points of view.**
