

One Teach, One Drift

Notes

- ◆ **Supportive**
- ◆ **One teacher leads the lesson while the other teacher circulates the room assisting students.**
- ◆ **Low level of planning/preparation.**
- ◆ **If both are familiar with the curriculum content, either teacher may lead instruction.**

Applications

- **New co-teaching situations.**
- **When the lesson lends itself to delivery by one teacher.**
- **When one teacher has particular expertise for the lesson.**
- **When students' work need close monitoring.**
- **To determine students' comprehension of concepts.**
- **To ensure that students are following procedures.**
- **To provide immediate clarification of concepts presented.**
