

# Station Teaching

## Notes

- ◆ **Teachers divide content & students.**
- ◆ **Each teacher teaches the content to one group and subsequently repeats the instruction for the other group.**
- ◆ **Lower student-teacher ratio.**
- ◆ **Students or teachers rotate.**
- ◆ **Rotation through stations can occur during one or several class periods.**
- ◆ **Third station may be set up for independent work.**
- ◆ **Medium level of planning/preparation.**

## Applications

- **When content is complex but not hierarchical.**
- **When part of planned instruction has already been introduced in order to facilitate independent work.**
- **When stations involve different tasks, i.e., reading comprehension, writing.**
- **Teaching a new process in Math while reviewing applications of other concepts already presented.**
- **In Social Studies, to examine geography, economy, and culture of a region.**
